Rather experienced with certification processes, system development and implementation, audits and training.
I have international level and e.g. been training key employees in South Korea, China and Vietnam, US, Denmark, Sweden, Italy, Canada and Spain.

Development of courses and training in audit focusing on evaluation of effectiveness and maturity regarding organizations ability to execute quality strategies.

Development of courses and training in management and communication with a systematic approach – this done with humour, outlining perspectives and making the attendants reflect.
I have trained hundreds of auditors and managers on all different levels from novices to auditors who wanted the highest international level.

I have worked with appreciative enquiry in different aspects and development of cultures and understanding of own influence of quality, product, working environment and why mutual understanding and conflicts emerges across organizational lines.

Besides audit, I do maturity assessments and benchmarks on an international level and is a part of [EFQM](#)'s Award Assessor team.

I conduct different types of audits; internal, second party and third party (ISO 9001:2008 and ISO 14001:2004) and I am IRCA certified Lead Auditor, QMS 2008, QMS 2015 and EMS.
