Consulting career and achievements

Vladimir operates in the field of management consulting since 2000, initially at KPMG and then in his own consulting company. In his consulting projects he utilizes his experience in management as well as internationally recognised methodologies.

Vladimir was exposed to the EFQM Excellence Model for first time during a project at KPMG Consulting in 2000 and uses it ever since.

Achievements:

- Licenced trainer of new EAT and QAT since 2016
- Assessor at EFQM Excellence Award in 2016
- Piloting Committed to Sustainability Assessment in 2015
- Piloting new EFQM Committed to Excellence Assessment in 2014
- Assessor at EFQM Excellence Award in 2013
- Member of Governance Board of Czech National Quality Award since 2012
- Licenced trainer of EAT since 2011
- Lead assessor at Czech National Quality Award since 2006
- Assessor at Czech National Quality Award since 2003
- Trained as EFQM Assessor by EFQM in Brussels in 2002

Vladimir conducted many consulting projects using EFQM Excellence Model based methodologies, including projects of the World Bank in Serbia (2006-2010) and Macedonia in 2015. He has supported organisations from different sectors including Manufacturing, Public Administration and Education.

Vladimir is also an assessor of the UK standard Investors in People. UK based companies recognised through the EFQM Excellence Award usually applies it together with EFQM Excellence Model. IIP is recognised internationally.

Vladimir is also knowledgeable in Lean Manufacturing and supported some of his clients during the implementation of Lean Manufacturing methods of operation.

Vladimir has been appointed assessor at the Czech National Accreditation Body of third level education organisations in 2017.
