

JOIN EFQM APPLICATION FORM

EFQM[®]

Leading Excellence

IMPORTANT: PLEASE READ BEFORE COMPLETING YOUR APPLICATION

1. Appoint your EFQM Representative

The first step each organisation has to take when joining our community is to choose one individual from the same organisation to be the EFQM Representative. The highest ranking executive or a member of the Board of Management appoints the EFQM Representative.

This individual acts as a partner within the overall EFQM community contributing to the ongoing development of Sustainable Excellence.

To be truly effective, she/he must be one of the most senior officers directly involved in the organisation's activities and will normally report directly to the highest ranking executive.

The EFQM Representative should be the driving force in aiding the highest ranking executive in the development and implementation of Sustainable Excellence within the organisation.

This role is key for the success of your engagement with the EFQM network, both within and outside the organisation. Therefore, the EFQM Representative should be an individual in whom the highest ranking executive has full confidence and trust.

2. Fill in the application form

Please fill in the **application form** and **affiliation agreement** (pages 4-7)

Please provide us with 2 signed copies of the affiliation agreement and 1 copy of the application form.

■ Invoicing

Invoices are for a period of 12 months. At the end of this period the affiliation is automatically renewed.

■ Cancellation

If you wish to cancel your affiliation a written notice from the highest ranking executive has to be sent to the CEO of EFQM explaining the reasons for which you wish to cancel **no less than two months** before the renewal date.

Please note that the decision to discontinue your affiliation can also be taken by EFQM in accordance with the Articles of the Foundation.

3. Attach additional information

- Latest annual report or similar information, clarifying the organisation's size and scope of your activities and turnover / budget figures.
- An organisational chart outlining the position of the designated EFQM representative for your organisation (see point 1).

EFQM will treat this information as strictly confidential.

4. Please send the scans of the whole EFQM application pack to: membership@efqm.org

The membership will be processed only when we receive the scan of Application Form including hand signed Affiliation Agreement (page 6 & 7), as well as the additional documents (see point 3).

5. What happens next?

EFQM will inform you of the decision on your affiliation within one week from receipt of the application form, together with all the relevant annexes.

Once your affiliation has been confirmed, please send us an electronic version of your organisation's logo. This will be used when we announce your affiliation to our EFQM community through an edition of our newsletter "EFQM Excellence in Action" and/or via other appropriate communication channels. We will publish your website address with your logo, so that other members can find out more about you.

6. Certificate, access to services and discount

Subject to payment of the invoice in accordance with our terms of payment, you will receive a certificate confirming your affiliation. Please note the comment about services in (2) of the affiliation agreement.

Types of Affiliation

Business enterprises, governmental and other public sector organisations can apply to join our community. The first question to answer is, “What is the size, scope and complexity of your organisation?” You have the choice to apply as a corporate headquarters or division (business unit / subsidiary).

Corporate

- If the headquarters of an organisation joins our community as ‘A’ member, 5 other divisions / fully owned subsidiaries operating under the same brand name and/or same line of business can be considered part of the affiliation. If the headquarters of an organisation joins our community as ‘B’ member, 2 other divisions / fully owned subsidiaries operating under the same brand name and/or same line of business can be considered part of the affiliation. Any other fully owned subsidiary should apply separately, with the possibility to apply for ‘X – Additional’ category. This is applicable only for corporate memberships of ‘A’ and ‘B’ category.
- When applying for corporate affiliation, please include an appendix with a list of business units/subsidiaries that will fall under the scope of the agreement. Any business unit/subsidiary/division not on this list will not be eligible for discount or access to services under the affiliation agreement.

One Business Unit / Division / Subsidiary

- If only a division of an organisation joins our community, then the benefits are applied to only those employees within the scope of this division. The other divisions under the same company name would not be considered as affiliates.

In either case, the size, scope and structure of your organisation will help us to determine your annual subscription fee for joining our network.

Contribution:

The annual subscription fee depends on the **annual turnover** of the business enterprise, or the **expense budget** for governmental and public sector organisations, or **total assets** for financial institutions within the scope of your engagement plan. If this basic parameter for size, scope and structure is not representative of your organisation’s actual size and scope, EFQM requires more information on other facts and figures such as number of employees, subsidiaries, partners, competitors, etc. for determining your annual subscription fee.

Categories of Affiliation

Annual Turnover (business enterprises) ¹ Expense Budget (government) Total Assets (financial/real estate)	Category	Annual Subscription Fee in EUR (€)
More than 1 billion Euros	■ Category A	■ 11,550
Between 100 million Euros and 1 billion Euros	■ Category B	■ 5,750
Between 5 million Euros and 100 million Euros	■ Category C	■ 2,800
Less than 5 million Euros	■ Category D	■ 1,400

For **educational institutions** (such as universities and schools), EFQM has a special category called Associate. In order to fulfil the mission of EFQM, we wish to share our knowledge with future business leaders (in any industry) and, as such, we have created one annual subscription fee of **€1,150** regardless of size for educational institutions.

Please note that this category is strictly limited to educational (teaching) institutions whose primary purpose is to teach at primary, secondary or tertiary level.

¹ Please give the total turnover for the whole group if applying for corporate affiliation.
